

COBBLE CREEK GOLF COMMUNITY  
DESIGN REVIEW COMMITTEE  
GENERAL DESIGN REGULATIONS – STRUCTURES

**4.0 EXTERIOR ANTENNAS**

A. Exterior antennas designed to acquire television, radio and internet “over-the-air” signals must be approved by the Design Review Committee (DRC) prior to installation. Approval requests should, at a minimum, include the size and shape of the antenna and its location on the house or lot.

B. Antenna size is limited to 1600 square inches in surface area and should be located in such a way that they are minimally visible from the street side of the lot.

C. Only antennas with the purposes specifically indicated in A above will be considered for approval. All other exterior antennas are prohibited in Cobble Creek.

**Adopted and Effective 03/20/2017**
