

2019 Standing Rules

Cobble Creek Women's Golf Association

The CCWGA 2019 play day season begins April 2nd and continues through October 1st. Weekly play is on Tuesday mornings for both 9 and 18-hole players.

To sign up to play, players will respond to an email. Sign up by Sunday noon. If you need to cancel, you must call Play Day Chair, Tracy Dickinson at 505-238-1114. All pairings will be decided by computer draw and emailed to you. All players should report to the Pro Shop at least 30 minutes prior to their tee times.

Events will be played according to USGA Rules and Regulations. If you can't resolve a rules question within your foursome, circle the hole, play two balls, and consult the Pro Shop **before** signing and submitting your scorecard. Report your results by turning in a signed and attested scorecard to the Pro Shop. **Adjust your score card before posting.**

Special events are scheduled throughout the season. Events already scheduled are listed on the CCWGA 2019 calendar which can be found on the cobblecreek.com/ccwga and in addition will be emailed to all members. Special events will be posted on the bulletin board. Special criteria for each event will be posted and emailed.

To play in the 9 or 18-hole Club Championship a player must compete with the group in which they played the majority of their play day rounds with a minimum of five rounds. The special events will count toward the five rounds needed to play the Championship. A member whose participation was limited due to illness or injury may request a waiver to compete from the Board.

To qualify for "Most Improved" at the end of the season, the player must compete regularly during the season with the CCWGA.

CCWGA qualifications for a hole-in-one award: any paid-up member who achieves a hole-in-one on any Tuesday play day, all CCWGA and CCMGA special events.

All balls must be holed out at CCWGA events unless a player chooses to disqualify herself from that day's competition. That player's score must still be posted. In a team competition she is not disqualified if she picks up if she is out of contention on that hole.

Please refer to the **USGA Rules of Golf** booklet for a summary of etiquette, order of play, explanation of rules, etc. You may also check the internet at www.rulesofgolf.com.
